***THE FOLLOWING HELPFUL PAGES REPRESENT ONLY A PORTION OF THE SCHOOL POLICIES AND PROCEDURES THAT APPLY TO ALL STUDENTS.***

**AKRON CENTRAL SCHOOLS DISTRICT CODE OF CONDUCT SUMMARY:**

The Akron Central School District is committed to providing a safe, orderly, predictable educational environment that promotes teaching and advances learning without disruption or interference. Accordingly, the District has developed a comprehensive Code of Conduct in collaboration with students, teachers, administrators, parents, and school safety personnel. The Code of Conduct was approved by the Akron Board of Education on July 1, 2011. The Code of Conduct was then revised according to the Dignity for All Students Act and these revisions were approved by the Akron Board of Education on July 2, 2012. A complete version of the Code of Conduct is available on the district website. Below constitutes only a summary of the Code of Conduct.

**Purpose**

The Akron School District Code of Conduct is intended to:

- encourage appropriate behavior;
- insure the safety and security of all members of the school community;
- promote a safe and effective learning environment

The Code governs the conduct of students, school personnel, parents, and other visitors while on school property or attending school functions. It includes the range of penalties that may be imposed for code violations and defines the roles of essential partners (teachers, administrators, other school personnel, the Board of Education, and parents) in maintaining safe, orderly schools.

**Students Rights and Responsibilities**

The District is committed to safeguarding the rights given to all students under state and federal law. In addition, to promote a safe, healthy, orderly, and civil school environment, all District students have certain rights and responsibilities.

### **Role of Essential Partners**

The Code of Conduct sets forth certain specific roles related to maintaining safe, orderly schools for parents, teachers, guidance counselors, principals, the superintendent, and the Board of Education.

### **Student Dress Code**

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students who violate the dress code shall be required to modify their appearance by covering, changing, or removing the offending item.

### **Student Use of Electronic Communication Devices**

Students are prohibited from using or having on or in an operational mode any paging device, mobile telephone, cellular telephone, laser pointer or pen or any other type of telecommunications or imaging device during instructional time, except as expressly permitted in connection with authorized use in classrooms.

### **Prohibited Student Conduct**

Behavior that is disorderly, insubordinate, disruptive, violent, or endangers others is prohibited. Plagiarism, cheating, copying, altering records, or assisting students in such actions is considered academic misconduct and, therefore, prohibited.

### **Reporting Violations**

All students are expected to report violations of the Code of Conduct to those in authority. District staff not authorized to impose disciplinary actions are expected to report violations to their supervisor. Any weapon, alcohol, or other illegal substance will be confiscated immediately. Code violations that constitute a crime may be reported to the appropriate law enforcement agency.

### **Disciplinary Penalties and Procedures**

Disciplinary action, when necessary, will be firm, fair, and consistent. As a general rule, discipline will be progressive. That is, a student's first offense will usually merit a lesser penalty than subsequent violations. The Code of Conduct contains levels of discipline ranging from oral warning to permanent suspension from school. Regardless of the penalty imposed, school personnel authorized to impose a disciplinary procedure must inform the student of the alleged misconduct. Students subject to more severe penalties have additional rights as spelled out in the Code of Conduct.

The Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state laws and regulations.

### **Corporal Punishment**

Corporal punishment is defined as an act of physical force upon a student and is forbidden.

### **Student Searches and Interrogations**

Authorized school officials may question a student about an alleged violation of law or the District Code of Conduct. Students are not entitled to a "Miranda" type warning, nor are school officials obligated to contact a student's parent(s) before questioning. School officials, however, will tell students why they are being questioned.

In addition, the Board authorizes certain school officials to conduct searches of students and their belongings if there is reasonable suspicion that such a search will result in evidence that the student violated a law or the District Code of Conduct. Searches will be limited to the extent necessary to locate the evidence sought. Students should have no reasonable expectation of privacy with respect to areas considered school property. This means the student lockers, desks, and other school storage places may be subject to search at any time by school officials without prior notice to students and without their consent.

The Board of Education will review the Code of Conduct every year and update it as necessary. Before adopting any revisions, the Board will hold at least one public hearing.

## **NATIONAL JUNIOR HONOR SOCIETY (NJHS)**

### **National Junior Honor Society**

#### **“Scholarship – Service – Leadership – Character”**

Akron Central is proud to sponsor a local chapter of the National Junior Honor Society. The purpose of NJHS, as stated in the national Constitution, is to create enthusiasm for scholarship, stimulate a desire to render service, promote leadership and develop character.

The principal has the right to approve all activities and decisions of the local chapter. In addition, the principal appoints the chapter advisor, the Faculty Council consisting of five members, and receives appeals in cases on non-selection of candidates. The Faculty Committee consists of five teachers appointed by the principal. In addition, the chapter advisor is an ex-officio, non-voting sixth member of the Faculty Council. This Council must meet at least once a year to review the procedures of the chapter, select members and to consider non-selection. It also develops and revises, when necessary, all chapter procedures for selection. The Chapter Advisor is responsible for the direct, day-to-day supervision of the chapter and acts as a liaison between faculty, administration, students and the community.

Membership in NJHS is an HONOR bestowed upon a student. Selection for membership is by the Faculty Council and is based on outstanding scholarship, character, leadership and service. Current 7<sup>th</sup> and 8<sup>th</sup> graders are eligible for consideration. In addition, they must rank in the top 25% of their respective class. Candidates are also evaluated on the basis of service, leadership and character.

Selection to NJHS is a privilege, not a right. Students do not apply for membership; instead they provide information to be used by the Faculty Council in determining selection. A majority vote of the Faculty Council is required for selection. In addition to the academic ranking of candidates, each student is asked to complete a Student Activity Information Form. This form allows the student to share information regarding their involvement in co-curricular activities, leadership positions, community and service activities. Students and parents must sign the form, declaring the information is accurate. In addition, the names of adult supervisors for these activities is required if verification is necessary. A Faculty Evaluation Form is also used to assist the Faculty Council in its selection decisions. Each teacher in the Middle School is given a list of eligible candidates (based on scholarship criteria) and a 4-point rating scale to evaluate the student’s qualification in character, leadership and service. The following guidelines are given to each teacher for their utilization:

- ✓ Score only students with whom you have come into definite, sustained contact.
- ✓ Grade each one with whom you have come into contact 1,2,3,4 according to the followings scale. Please be sure to consider the elements of each trait as listed below.
  - 4 Indicates that you consider the student very superior in the qualities listed below and highly worthy of membership
  - 3 Indicates that you consider the student superior in the qualities listed below and worthy of consideration
  - 2 Indicates that you consider the student average in the qualities listed below but worthy of consideration

- 1 Indicates that you consider the student weak in the qualities listed below, not especially worthy of consideration
- ✓ If you have knowledge which would make a student an undesirable member of NJHS or you evaluated as a “1,” please explain under “Comments.”
  - ✓ Please make comments freely, both pro and con.
- Criteria to be considered:
1. Character
    - a. Takes criticism willingly and accepts recommendations graciously
    - b. Consistently exemplifies desirable qualities of behavior
    - c. Upholds principles of morality and ethics
    - d. Observes instructions and rules
    - e. Has power of concentration and self-discipline
  2. Leadership
    - a. Demonstrates initiative in promoting school activities
    - b. Demonstrates academic initiative
    - c. Exemplifies positive attitudes and inspires positive behavior in others
    - d. Is able to delegate responsibilities
    - e. Is willing to uphold scholarship and maintain a loyal school attitude
  3. Service (as it relates to your classroom)
    - a. Volunteers and provides dependable and well-organized assistance
    - b. Works well with others
    - c. Is willing to take on difficulty or inconspicuous responsibilities
    - d. Shows courtesy by assisting visitors, teachers and students
  4. Academics
    - a. In accordance with NJHS Charter, top 25% of unweighted GPA constitutes those eligible for consideration.

After all information is collected, students are ranked numerically based on their evaluations in the four categories. The Faculty Council uses this ranking along with comments in determining their selections.

The National Constitution of NJHS and the National Handbook are available for review from the principal. All aspects of the ACS Chapter including the selection process are in full compliance with the national constitution.

## **ACADEMICS**

### **Honor and Merit Roll**

Four Honor and Merit Rolls a year are determined for students in grades 6-8. These rolls are compiled as follows:

1. Merit Roll: Comprised of those students having an average of 84.5 to 89.4 for all unit courses.  
Honor Roll: Comprised of those students having an average of 89.5 to 94.4 for all unit courses.  
High Honor Roll: Comprised of those students having an average of 94.5 or above for all unit courses.
2. **Another factor, which can affect qualification for “Merit,” “Honor,” or “High Honor” Roll, is an incomplete and/or a failing grade.** If a student received an incomplete grade in any subject, including **Physical Education**, he or she becomes ineligible for the “Merit,” “Honor,” or “High Honor” Rolls. Upon completion of the requirements, the student’s name is then placed on the correct Roll.

### **Academic Award Policy**

1. Certificates: Students who make the Merit, Honor, and High Honor Rolls for the first three marking periods of each year will receive a certificate in June.
2. Students in grade 8 who have maintained a 95 average from grade 6 through the 3<sup>rd</sup> marking period of grade 8 will receive the Presidential Academic Award.

## **RETENTION**

**Any student who fails two (2) or more courses may be required to successfully complete Summer School. Retentions will be made on an individual basis considering District Policy.**

## **MARKING SYSTEM AND REPORT CARD**

The passing grade for Akron Central School students is 65%. In grades 6-8 report cards are generated in Parent Portal for four marking periods, approximately ten weeks apart. Final examinations are given in most subjects in June. Numerical grades are entered on the report card.

The final average for a full year is the average of the four ten-week grades and the final exam. For one-half year courses, the final average is the average of the final exam and each of the ten-week grades.

## **ATTENDANCE: RESPONSIBILITY OF STUDENT**

A student who is absent from school must provide a valid written explanation, signed by a parent/guardian, to the attendance secretary when he/she returns. If the student fails to bring in a note, the student will be marked with an illegal absence.

A student who has been absent from school is required to make-up missed work in assigned classes. The responsibility lies with the student to contact the teacher and/or a fellow classmate to ascertain the assignments that have been missed. It is not the teacher's responsibility to seek out the student. This is normally done during 9<sup>th</sup> period unless other arrangements are made with the teacher. Failure to make-up missed work may result in the student receiving a grade of "0" for work not done.

## **SIGNING IN – SIGNING OUT**

A written note by a parent/guardian, including their signature, the student's name, date, time, and reason for sign-in/sign-out is required. The student must take the note to the Middle School Office during homeroom, with prior permission of the homeroom teacher, the morning of which the student is to sign-out. Special passes are granted at the Middle School Office to sign in or out.

Upon arrival the parent/guardian who signs-in/signs-out their child should report to the side Middle School door entrance (#18) to be let into the building via the buzzer/intercom system. The parent/guardian should then proceed to the Middle School Office for their child(ren).

Between 2:30-3:30pm only, the side door of the Middle School Building is open to enter. Upon entrance, the parent is to report directly to the Middle School Office to sign-in/sign-out their child(ren).

**Please note: Students may only be released with contacts that are listed on their emergency cards.**

## **STUDENT SUPPORT SERVICES**

Each student is welcome to come to the Student Support Services Office to discuss any problem he or she may have, whether it has to do with their course of study, their educational or vocational plans for the future, or topics of a personal nature. Any personal problem a student discusses with a counselor is always treated in the strictest confidence. Parents/Guardians are also welcomed and encouraged to telephone or visit the counselor at school. Appointments can be made by calling the school counselor at 542-5044.

## DETENTION

Regular detention and 4:30pm detention will be held in the Middle School Cafeteria. Detention may only be assigned by administration. The following infractions on the part of students are among those deemed punishable by detention:

Students absent on the day assigned for detention will take detention at the earliest possible date following their return to school. Failure to report to detention when assigned will result in doubling the punishment.

Detention assignments take precedence over any other activity, such as work, stage work, sports, clubs, detention in teacher rooms, etc. It is to be taken on the day assigned. Excuses for missing detention are not acceptable on the day following the missed detention. **Detention is expected to be served daily, unless excused by the Principal before the detention date assigned.**

## OUT-OF-SCHOOL SUSPENSION

**When serving Out-of-School-Suspension (OSS) students are NOT allowed to be on school property without written Administrative approval.**

## DRESS CODE

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents/guardians have the primary responsibility for acceptable student dress and appearance. Teachers and all other District personnel should exemplify and reinforce acceptable student dress and help students develop an understanding of appropriate appearance in the school setting.

A student's dress, grooming and appearance, including hair style/color, jewelry, makeup and nails shall:

1. Be safe, appropriate and not disrupt or interfere with the educational process or be offensive.
2. **Not include** the wearing of extremely brief garments, such as tube tops, net tops, halter tops, tank tops, spaghetti straps, plunging necklines (front and/or back), short skirts/dresses, short shorts and/or see through garments. Skin should not be showing between top of pants and bottom of shirt.
3. Adhere to a guideline in the determination of appropriate length of skirts/shorts to be two inches from the fingertips with arms rested at sides. Skin-tight apparel under skirts/shorts does not eliminate the fingertip guideline for acceptable length.
4. Ensure that underwear or undergarments are completely covered with outer clothing.
5. **Not include** pajamas or sleepwear as acceptable/appropriate clothing.
6. Include footwear at all times. Footwear that is a safety hazard will not be allowed.
7. **Not include** the wearing of hats, bandanas or head covering, which includes hoods of sweatshirts, in the building, except for a medical or religious purpose.
8. **Not include** outerwear, such as coats or jackets.
9. **Not include** any clothing item or accessory that in any way could be used as a weapon or pose a threat to the safety of others.
10. **Not include** items that are vulgar, obscene, and libelous or denigrate others on account of race, color, religion, creed, national origin, gender, sexual orientation or disability.
11. **Not promote** sex and/or endorse the use of alcohol, tobacco or illegal drugs and/or encourage other illegal or violent activities.
12. **Not include** any other clothing item deemed to interfere with the learning environment or pose a safety hazard or be offensive to others. **The District may require specific dress requirements for students participating in activities in which clothing and jewelry may be a safety or health concern, such as a science laboratory, physical education, technology (Industrial Arts) class or interscholastic athletics.**

Each building principal or his/her designee shall be responsible for informing all students and their parents of the student dress code at the beginning of the school year and any revisions to the dress code made during the school year.

## ACADEMIC ELIGIBILITY POLICY

### Extracurricular Academic Policy for Middle School

#### **Philosophy**

The main objective of the Akron Middle School is to provide the best possible education for each student commensurate with the student's abilities. In addition, we recognize that a varied and comprehensive extracurricular program plays a vital role in the total development of the student. Through these activities, the student learns self-discipline, leadership, and a spirit of cooperation; at the same time, such activities allow the student to participate in and develop activities of interest. We cannot forget, however, that the attainment of academic skills is of primary importance. It is our belief that a student must maintain a satisfactory academic performance in order to be eligible for participation in extracurricular activities.

#### **Middle School Procedure**

This policy includes all students in grades 6-8.

Any person failing two (2) or more subjects is declared ineligible to participate in athletic and extracurricular activities. A grade of incomplete (INC) is to be counted as a failing grade for the purpose of determining

ineligibility. Ineligible students may obtain a form, in the Middle School Office on **Monday mornings (Tuesday mornings when there is a Monday holiday)**. This will enable them to participate with weekly teacher approval in athletic and/or extracurricular activities. This “Temporary Return to Eligibility” form must be returned each week to the Middle School Office by **3:00pm on Monday**.

**The Principal may prevent ineligible students from attending extra curricular activities.**

**Ineligible** students will not be permitted to participate in the activity (contest or competitions, clubs, performance and meetings) without faculty approval. They are limited to practice and/or rehearsal participation. Also, students who are ineligible are placed on ineligibility probation for a five-week period. 6<sup>th</sup> grade starts this procedure at the close of the 20-week marking period. In September, the faculty is reminded of those students who were ineligible in June. The ineligible students may participate in extracurricular activities the first week of school. (This enables the ineligible students to participate in fall sports practice, etc. until his/her new teachers have a basis from which to determine whether he/she should be returned to eligibility status). Students going to summer school who pass a subject which resulted in ineligibility will be removed from the list. If the student passes the course for the year, he/she will not be placed on the ineligible list in June.

**\*Any student who is participating on a JV/Varsity athletic team will follow the High School Ineligible Policy while they are participating in the respective sport.**

## **DIGNITY FOR ALL STUDENTS**

The Board of Education is committed to providing a safe and productive learning environment within its schools. Discrimination and harassment of a student by another student is strictly prohibited on school property, in school buildings, on school buses, and at school sponsored events and/or activities whether occurring on or off campus. The Board of Education shall require the prohibition of discrimination and harassment – along with the range of possible intervention activities in accordance with The Dignity for All Students Act.

For the purpose of this policy, the term “harassment” means the creation of a hostile environment by conduct or by verbal threats, intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well being; or conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; such conduct, verbal threats, intimidation or abuse includes but is not limited to conduct, verbal threats, intimidation or abuse based on a person’s actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex.

Harassment may also occur in various forms such as “hazing.” “Hazing” will be understood to be any activity undertaken or a situation created, by any individual, group of individuals or organization, in which individuals are voluntarily subjected to activities that have the potential to harass, intimidate, impart pain, humiliate, invite ridicule or cause undue mental or physical fatigue or distress, or to cause mutilation, laceration, or bodily injury. The express consent of the victim will not be a defense.

The District also prohibits “internet bullying” (also referred to as “cyber-bulling”). Students are prohibited from using or having on or in an operational mode any video camera or electronic devices, including but not limited to, paging devices, mobile telephones, cellular telephones, laser pointers or pens or any other type of telecommunication device during instructional time, except as expressly permitted in connection with authorized use in the classrooms. While students are permitted to possess such devices on school property, they are prohibited from using them in any manner which invades the privacy of students, employees, volunteers or visitors. Students are not permitted to use any form of information technology, including their own personal electronic devices, to intimidate, harass or threaten others.

However, it is important to note that a single negative act as enumerated above may also constitute “bullying” (if not more serious misconduct) based upon the particular circumstances such as the seriousness of the act and/or the intent of the actor.

Any student who believes that he/she is being subjected to bullying/harassing behavior, as well as any other person who has knowledge of or witnesses any possible occurrence of bullying/harassment, shall report the bullying/harassment to any staff member or the building Principal. The staff member/building Principal to whom

the report is made (or the staff member/building Principal who witnesses bullying/harassing behavior) shall investigate the complaint and take appropriate action to include, as necessary, referral to the next level of supervisory authority and/or other official designated by the District to investigate allegations of bullying/harassment. Investigation of allegations of bullying/harassment shall follow the procedures utilized for complaints of harassment within the school District. Allegations of bullying/harassment shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of bullying/harassment. Follow-up inquiries and/or appropriate monitoring of the alleged bully/harasser and victim shall be made to ensure that bullying/harassing behavior has not resumed and that all those involved in the investigation of allegations of bullying/harassment have not suffered retaliation.

Personnel at all levels are responsible for taking corrective action to prevent bullying /harassing behavior of which they have been made aware at School District sites or activities and/or reporting such behavior to their immediate supervisor. Further, staff training shall be provided to raise awareness of the problem of bullying/harassment within the schools and to facilitate staff identification of and response to such bullying/harassing behavior among students.

Prevention and intervention techniques within the District to prevent against bullying/harassing behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Appropriate staff members will provide individual intervention to bullies/harassers, victims, and their parents/guardians to help ensure that the bullying/harassment stops.

**Rules against bullying/harassing shall be publicized District-wide and shall be disseminated as appropriate to staff, students, and parents/guardians. Disciplinary sanctions for violation of this policy shall be outlined in the *District Code of Conduct* as enumerated above.**

## **LIBRARY MEDIA CENTER & COMPUTER LAB**

The Library Media Center (LMC) is a reading, study, and research center of more than 10,000 books, 1 newspaper, VHS and DVD's, and 40 periodical subscriptions.

Middle School students must have a Yellow pass from study hall to use the Library for work that cannot be done in study hall. Computers may be used only with a Blue pass for computer work from a subject teacher and signed by the study hall monitor. Students on the Ineligible List may only use the Library with a Blue subject teacher pass.

Most materials may be borrowed for two weeks with the option to renew. Students who borrow materials are responsible for their return and must pay for damage or loss of those materials.

Students may not leave the LMC without a pass to the lavatory or other rooms. There are no locker passes, as students should come prepared.

Appropriate behavior is required of all students using the Library Media Center. Students are not allowed to abuse materials or disturb other students in the Library or Library Computer Lab. Students sent back to study hall for disciplinary reasons will have their Library privileges taken away for at least two weeks. These student names will be listed on the morning attendance sheet.

## **PASSES**

Every student is required to be in a regularly assigned place each period of the day, including the homeroom period. Pupils are to be absent from their regularly assigned places only with the knowledge and consent of the person in charge and shall carry a Corridor Pass/Hallway Passport signed by the teacher giving the student's intended destination and the time at which he/she was permitted to leave the room. The student should go directly to his/her destination. Any passes other than lavatory passes are to originate with the teacher to whose room you are going.

Three minutes are allowed for passing between classes. Experience has shown that this is ample time and provides for students to stop at lockers and the lavatory.

New York State mandates all new students entering school, and all students entering the 7<sup>th</sup> and 10<sup>th</sup> grade to have a physical and a BMI. BMI- body mass index is a screening tool to evaluate childhood obesity. Please send a copy of your child's physical and BMI form to the health office by September of the new school year. If the health office has not received your child's physical form or other arrangements have not been made in conjunction with the health office, your child will be scheduled to see the school physician.

### Sports Physicals

At school, sports are considered an after school activity. Students are encouraged to participate in sports but they are not mandated. In order to participate in sports students are required to have a sports physical. Students will need to

be active and have complete participation in gym/swim classes in order to participate in sports. **The student's private physician, nurse practitioner or physician's assistant will need to conduct the sports physical.** The sports physical is good for one (1) calendar year which includes all three ACS sports seasons: fall, winter and spring. Please turn in all completed sports physical forms in to the health office. They may also be faxed at 542-5057. Disqualification and re-certification are handled on an individual basis.

For further questions please feel free to contact the Athletic Coordinator, Mr. Jablonski, who can be reached at 542-5087.

### **Physical Education Excuses**

Students may be excused from gym/swim only if they present the health office with a:

1. Physician's note.
2. Parent note.
3. Health Office note: Only if deemed necessary at student's request.

Students will not be assigned to a study hall, instead they will be asked to report to gym/swim class and sit on the side. **All missed Physical Education classes will need to be made-up.**

### **FOR HYGIENE PURPOSES, ALL STUDENTS ARE ENCOURAGED TO SHOWER AFTER GYM / SWIM.**

**Students are encouraged to wear goggles and water shoes in the pool area.**

### **Medications in School**

Parents of students who require medication at school must provide the health office with a physician's note and the medication. The medication must be in a properly labeled container from the pharmacy. At no time should a student transport medication to school, this is the responsibility of the parent or guardian. **This also applies to over the counter medications.** If you have any questions or concerns regarding your child becoming a "self administered" student, please call the health office.

**If your child requires an epipen and/or inhaler at school for an allergy that could result in an anaphylactic reaction and/or asthma attack, for safety, they are mandated to have a physician's order and the medication on file in the health office. Failure to do so will result in your child unable to participate in sports or school sponsored activities.**

The health office no longer offers and/or provides over the counter medication for students. If your child requires medication at school, the parent must provide a physicians order along with the medication in a properly labeled container. **Medication will be dispensed in the health office only.** Thank you for your assistance in ensuring that your child has the appropriate immunization by helping to control vaccine-preventable illnesses. If you or a family member has no health insurance you may be eligible for low cost or free health insurance/immunizations. For further information, please contact:
